

## Job Description

### Midweight Interior Designer - Part Time - Central Winchester

#### The Role

Our strategically boutique design studio in central Winchester is seeking a highly creative, self-motivated and enthusiastic interior designer to join the team. With a variety of projects across interiors and exteriors of yachting and private residential, working to a high level of detail and with an exquisite taste level are essential.

D-iD are a collaborative studio with a timeless, elegant aesthetic, working with HNWI individuals. This role would suit a designer with residential and hospitality experience, who has knowledge of trends and an awareness of the practical nature of design solutions. As part of a small effective team, the right candidate will be a hands on individual, able to answer a brief with the creative, technical and highly developed communication skills necessary to the role.

Flexible working is available for the right candidate.

#### Key Responsibilities

- Deliver high-end design solutions for clients in line with the studios ethos.
- A high finish of interiors is expected, so an eye for detail, colour palettes and materials is needed.
- Create and review AutoCAD drawings, shop drawings, custom specifications and budget compliance.
- Create project schedules and costings.
- Communicate with clients, suppliers and key stakeholders in a highly professional manner
- Solve complex design issues in a creative and professional manner
- Support FF&E
- Thorough knowledge of custom furniture and joinery
- To work independently as well as being a key team player
- Manage client expectations, project schedules and deliverables
- Ability to work across multiple projects in varying capacities
- A hands on, can do approach is vital
- UK/international travel may be necessary for this role

**D-ID**  
YACHTS | RESIDENCES

### **Skills & Experience**

- Degree or equivalent in interior design or architecture.
- Three years plus experience in luxury residential/yacht/commercial sector, working with HNWI
- Strong verbal and written communication skills
- Strong experience managing client relationships and presentations
- Ability to manage changing priorities
- Ability to produce detailed AutoCAD drawings, schedules and specifications
- Strong experience liaising and managing with suppliers
- Excellent project management skills
- You'll be a hands on individual with a strong team work ethic
- Proficiency in AutoCAD, Photoshop, Illustrator and Microsoft Office
- Must be mac proficient
- Good hand drawing and sketching skills would be useful
- 3D CAD skills useful
- Fluent in written and spoken English
- Current driving license

### **What we offer**

- This is part time position – 25 hours per week
- Salary is dependent on experience
- Flexible working is available for the right candidate
- 20 days holiday pro rata
- Company pension scheme
- Central Winchester location
- Friendly studio environment
- Right candidate to start ASAP
- As part of a small design team, there will be the possibility to expand the role in the future
